INDEX TO AUTHORS

ADAMS, D. H., further observations on the liver catalase depressing action of tumours, 115

——— mouse liver catalase. The antagonistic effect of tumour tissue upon the hormonal control mechanisms, 409

ALLSOPP, C. B., effects of ultraviolet radiation on 3:4-benzpyrene. The carcinogenic activity of water-soluble photo-derivatives when used with croton oil as co-carcinogen, 273

AMBRUS, CLARA M., AMBRUS, J. L., HARRISSON, J. W. E., and CRAVETZ, H., effect of adenosine-5-phosphoric acid, adenosine-3-phosphoric acid and adenosine triphosphate on the growth of Ehrlich carcinoma, 311

AMBRUS, J. L., see *Ambrus, Clara M.*

BARKER, G. R., DHAR, M. M., and PARSONS, L. D., the action of some pyrimidine derivatives and related compounds on sarcoma development in grafted mice, 124

BIELSCHOWSKY, F., and HALL, W. H., carcinogenesis in parabiotic rats. Tumours of liver and seminal vesicle induced by acetylaminofluorene in normal males joined to castrated males or females, 106

——— ——— carcinogenesis in parabiotic rats: Tumours of the ovary induced by acetylaminofluorene in intact females joined to gonadectomized litter-mates and the reaction of their pituitaries to endogenous oestrogens, 331

BILLINGHAM, R. E., ORR, J. W., and WOODHOUSE, D. L., transplantation of skin components during chemical carcinogenesis with 20-methylcholanthrene, 417

BOLAND, J., see *Paterson, Edith.*

BOYLAND, E., BUTLER, L. O., and CONWAY, B. E., the electrophoretic behaviour of normal and pathological human sera in relation to the polarographic serum test for cancer, 235

——— and SARGENT, S., the local greying of hair in mice treated with x rays and radiomimetic drugs, 433

BROUGHTON, P. M. G., HIGGINS, G., and O'BRIEN, J. R. P., an evaluation of some biochemical tests for cancer, 384

BUTLER, L. O., the polarographic serum test and other serum tests in the prognosis of cancer, 225

——— see *Boyland, E.*

CAMPBELL, J. G., some unusual gonadal tumours of the fowl, 69

CAROTHERS, E. L., see *Hahn, P. F.*

CARR, J. G., and HARRIS, R. J. C., the preparation and assay of the Rous No. 1 sarcoma agent, 83

——— ——— preservation of the agent of the Rous Sarcoma No. 1 by freeze-drying, 95

CLEMMESEN, J., and NIELSEN, A., the social distribution of cancer in Copenhagen, 1943 to 1947, 159

——— see *Wanscher, O.*

COHEN, L., estimation of biological dosage factors in clinical radiotherapy, 180

CONWAY, B. E., see *Boyland, E.*

COOK, H. F., see *Epstein, M. A.*

CRAVETZ, H., see *Ambrus, Clara M.*

DAFF, M. E., DOLL, R., and KENNAWAY, E. L., cancer of the lung in relation to tobacco, 1

DAVIS, H. A., and MIDER, G. B., the effect of ischaemia on the free amino-acid content of tissues, 148

DHAR, M. M., see *Barker, G. R.*

DOLL, R., see *Daff, M. E.*

DUBOFF, G. S., study of the iodoacetate inhibition of thermocoagulation of serum protein in cancer and tuberculosis, 140

EHRLICH, A., see *Funk, C.*

ELLIS, F., HOCH-LIGETI, CORNELIA and OLIVER, R., investigation of the effect of x-radiation on the localization of radioactive phosphorus in breast tumours, 45

EPSTEIN, M. A., the effects of cold and desiccation on the tumour-producing activity of the cells and the virus of the Rous No. 1 fowl sarcoma, 317

——— and COOK, H. F., the effects of microwaves on the Rous No. 1 fowl sarcoma virus, 244

FUNK, C., TOMASHEFSKY, P., SOUKUP, R., and EHRLICH, A., the effect of hormonal factors and the removal of certain organs upon the growth of a transplanted rat tumour, 280

GHADIALLY, F. N., and WHITELEY, H. J., aninvasive red-pigmented tumour (erythrophoroma) in a red male platyfish (*Platypoecilus maculatus* var. *rubra*), 405
